

## MARUCHO

Different and still chic in her way. Aurore de Chanaud is well-known for her knitted dress that remains her best-seller. I admire the conjunction of the delicacy of Marucho's fabrics and its design with her bold choice of color. Marucho is not a follower, that brand is setting her own inspired path and oxygenates fashion kid's wear. Geneva should dare to wear Marucho a little more and our city would be illuminated.
